Forget You — Cee Lo Green

[Chorus]
```
C                                         D7
I see you driving round town with the girl I love
                  F           C
And I'm like "Forget you!"  Ooh ooh ooh
            C                 D7
I guess the change in my pocket wasn't enough
                F                 C
And I'm like "Forget you, and for-get her too."
C                    D7
If I was richer, I'd still be with ya
F                            C
Now ain't that some xxxx - Ain't that some xxxx -
C                                         D7
And though there's pain in my chest I still wish you the best
          F         C
With a "Forget you"  Ooh ooh ooh

          C                       D7
Yeah I'm sorry, I can't afford a Ferrari
     F                                    C
But that don't mean I can't get you there
                C               D7
I guess he's an Xbox, and I'm more Atari
         F                      C
But the way you play your game ain't fair

          C               D7
I pity the foo-oo-ol who falls in love with you
F                            C
Oh she's a gold digger, just thought you should know xxxx
C           D7
Ooo-oo-oo, I got some news for you
F                            C
Yeah go run and tell your little boyfriend
```
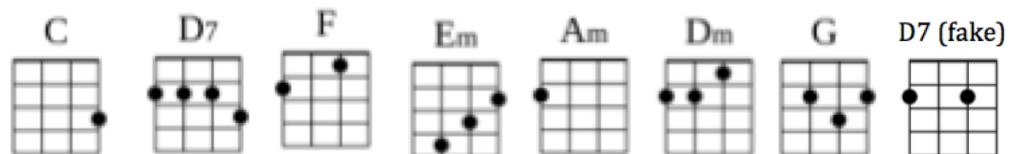

[Repeat Chorus]
```
    C                 D7        F                                C
Now I know I had to borrow, beg and steal and lie and cheat
         C                 D7
Tryin to keep ya, tryin' to please ya
      F                             C
Cause being in love with your xxx ain't cheap
