Hey Ya - Outkast

Island Strum: D DU UDU. Play G only half as long; can use D D

```
C              F
My baby don't mess around
           F                       G       Am    Am
Because she loves me so, this I know for sure
C              F
But does she really wanna
             F                     G       Am    Am
But can't stand to see me walk out the door
C              F
Don't try to fight the feeling
             F                     G       Am    Am
Cause the thought alone is killing me right now
C                F
Thank God for Mom and Dad
               F                   G       Am    Am
For sticking two together like we don't know how
```

[Chorus]

```
C      F   F   G   Am    Am
He-ey ya!     Hey ya!
C      F   F   G   Am    Am
He-ey ya!     Hey ya!
```

```
C                       F
You think you got it, Oh you think you got it
    F                                  G         Am    Am
But got it just don't get it till there's nothing at all
C                  F
We get together, Oh we get together
    F                                  G       Am        Am
But separate's always better when there's feelings involved
C                      F
If what they say is "Nothing is forever"
      F
Then what makes, then what makes,
      G               Am          Am
Then what makes, then what makes, love the exception
```

```
C                      F
So why you why you why you why you why you
    F                          G           Am↓
Are we so in denial when we know we're not happy here
```

[Repeat Chorus]
